

Cloud Architecture

Types of cloud computing

A background image showing a person's hand using a tablet, with a laptop in the foreground displaying a cloud computing diagram. The diagram features a central blue cloud icon connected by lines to various peripheral icons: a telephone, a location pin, a smartphone, a calendar, and a Wi-Fi signal. The scene is set on a wooden desk with a potted plant and a smartphone.

Types of cloud computing

Cloud computing

Private clouds

Public clouds

Hybrid clouds

Private cloud

Offered over a private network

Restricted to selected users

Provides greater security

Requires data staffing
